Line 27

INSERT New Finding of Fact:

"Upon further review Staff realized that for the commercial UFI budget under Staff Option One and Two, the budget line item is \$1,114,510, the same dollar amount as proposed by TEP in its initial filing. Staff's intention was to fund the same number of systems as TEP proposed in its initial filing and thus the commercial UFI budget should be reduced under Staff Option One and Two to recognize the lower incentive proposed by Staff, to achieve the same number of systems as TEP proposed in its initial filing. Thus Staff recommends that the commercial UFI budget be reduced from \$1,114,510 under Staff Options One and Two to \$793,354.
